■ Profile
Self-taught Web Application Developer and aspiring Cybersecurity Specialist from Kathmandu, Nepal. With 3 years of hands-on development experience, I build scalable, secure, and modern web apps by combining full-stack development with a strong foundation in ethical hacking and cybersecurity.

■ Education
BSc (Hons) Ethical Hacking & Cybersecurity
Softwarica College of IT & E-commerce, Dillibazar, Kathmandu
Currently: 2nd Year, 1st Semester

■■ Technical Skills
• Frontend: React.js, Next.js, HTML, CSS, JavaScript, Tailwind CSS, Framer Motion
• Backend: Node.js, Express.js
• Databases: MongoDB, SQL, MySQL Workbench
• Programming: Python (automation & scripting)
• Other: Git/GitHub, Cybersecurity Fundamentals, CTF Challenges

■ Experience
Self-Driven Developer | 2021 – Present
• 3 years of independent full-stack web development and project building.
• Focused on creating secure and performant web applications by integrating knowledge of cybersecurity.
• Continuously exploring new technologies and frameworks through personal projects and open-source contributions.

■ Projects
Portfolio Website – Personal portfolio showcasing web development & design skills.
■ github.com/Rupen-Maharjan/Portfolio
Python Mini Projects – Collection of automation and problem-solving projects in Python.
■ github.com/Rupen-Maharjan/Python

■ Achievements
• Participated in Capture The Flag (CTF) competitions at Softwarica College and Pentest Nepal CTF.
• Built a growing foundation in offensive security and defensive application design.

■ Why Me for DIytica Fellows 2025?
• Blend of web development expertise and cybersecurity mindset.
• Self-taught and highly motivated, with 3 years of hands-on coding experience.
• Strong adaptability, quick learner, and passionate about building secure, innovative solutions.
